

# Camry 2026 Hybrid 2.0HE Elite

| Basic Specifications                      |                               |
|-------------------------------------------|-------------------------------|
| Model Name                                | Camry 2026 Hybrid 2.0HE Elite |
| Official Guide Price                      | RMB 17.98 ten thousand        |
| Manufacturer                              | -                             |
| Class                                     | -                             |
| Fuel Type                                 | Hybrid Electric               |
| Emission Standard                         | China VI                      |
| Launch Date                               | 2025.07                       |
| Maximum Power (kW)                        | 145                           |
| Maximum Torque (N.m)                      | -                             |
| Transmission                              | E-CVTNo                       |
| Body Structure                            | 4 5 Sedan                     |
| Engine                                    | 2.0L 152 L4                   |
| Electric Motor (PS)                       | 113                           |
| Length x Width x Height (mm)              | 4915*1840*1450                |
| Official 0-100 km/h Acceleration Time (s) | -                             |
| Top Speed (km/h)                          | 180                           |
| WLTC Combined Fuel Consumption (L/100km)  | 4.2                           |
| Vehicle Warranty                          | -                             |

| Body                       |              |
|----------------------------|--------------|
| Length (mm)                | 4915         |
| Width (mm)                 | 1840         |
| Height (mm)                | 1450         |
| Wheelbase (mm)             | 2825         |
| Front Track (mm)           | 1590         |
| Rear Track (mm)            | 1600         |
| Approach Angle (deg)       | 13           |
| Departure Angle (deg)      | 16           |
| Minimum Turning Radius (m) | 5.7          |
| Body Structure             | Sedan        |
| Door Opening Mechanism     | Conventional |
| Number of Doors            | -            |
| Number of Seats            | -            |
| Fuel Tank Capacity (L)     | 49           |
| Trunk Capacity (L)         | -            |
| Drag Coefficient (Cd)      | -            |

| Basic Specifications (Continued) |      |
|----------------------------------|------|
| Curb Weight (kg)                 | 1585 |
| Gross Vehicle Weight (kg)        | 2070 |

| Engine                               |                 |
|--------------------------------------|-----------------|
| Engine Model                         | M20F            |
| Displacement (mL)                    | 1987            |
| Displacement (L)                     | 2.0             |
| Induction Type                       | -               |
| Engine Layout                        | Transverse      |
| Cylinder Arrangement                 | L               |
| Number of Cylinders                  | 4               |
| Valves per Cylinder                  | 4               |
| Compression Ratio                    | 14              |
| Cylinder Bore (mm)                   | DOHC            |
| Stroke (mm)                          | 152             |
| Maximum Horsepower (Ps)              | 112             |
| Maximum Power (kW)                   | 6000            |
| Engine Speed at Maximum Power (rpm)  | 188             |
| Maximum Torque (N.m)                 | 4400-5200       |
| Engine Speed at Maximum Torque (rpm) | 112             |
| Maximum Net Power (kW)               | Hybrid Electric |
| Fuel Type                            | 92              |
