

# Highlander 2026 2.5L Intelligent Hybrid 7

| Basic Specifications                      |                                           |
|-------------------------------------------|-------------------------------------------|
| Model Name                                | Highlander 2026 2.5L Intelligent Hybrid 7 |
| Official Guide Price                      | RMB 32.58 ten thousand                    |
| Manufacturer                              | -                                         |
| Class                                     | -                                         |
| Fuel Type                                 | Hybrid Electric                           |
| Emission Standard                         | China VI                                  |
| Launch Date                               | 2025.09                                   |
| Maximum Power (kW)                        | 181                                       |
| Maximum Torque (N.m)                      | -                                         |
| Transmission                              | E-CVTNo                                   |
| Body Structure                            | 5 7 SUV                                   |
| Engine                                    | 2.5L 189 L4                               |
| Electric Motor (PS)                       | 237                                       |
| Length x Width x Height (mm)              | 4965*1930*1750                            |
| Official 0-100 km/h Acceleration Time (s) | -                                         |
| Top Speed (km/h)                          | 180                                       |
| WLTC Combined Fuel Consumption (L/100km)  | 5.97                                      |
| Vehicle Warranty                          | -                                         |

| Body                       |              |
|----------------------------|--------------|
| Length (mm)                | 4965         |
| Width (mm)                 | 1930         |
| Height (mm)                | 1750         |
| Wheelbase (mm)             | 2850         |
| Front Track (mm)           | 1655         |
| Rear Track (mm)            | 1660         |
| Approach Angle (deg)       | 18           |
| Departure Angle (deg)      | 22           |
| Minimum Turning Radius (m) | 5.7          |
| Body Structure             | SUV          |
| Door Opening Mechanism     | Conventional |
| Number of Doors            | -            |
| Number of Seats            | -            |
| Fuel Tank Capacity (L)     | 65           |
| Trunk Capacity (L)         | -            |
| Drag Coefficient (Cd)      | -            |

| Basic Specifications (Continued) |      |
|----------------------------------|------|
| Curb Weight (kg)                 | 2105 |
| Gross Vehicle Weight (kg)        | 2700 |

| Engine                               |                 |
|--------------------------------------|-----------------|
| Engine Model                         | A25D            |
| Displacement (mL)                    | 2487            |
| Displacement (L)                     | 2.5             |
| Induction Type                       | -               |
| Engine Layout                        | Transverse      |
| Cylinder Arrangement                 | L               |
| Number of Cylinders                  | 4               |
| Valves per Cylinder                  | 4               |
| Compression Ratio                    | 14              |
| Cylinder Bore (mm)                   | DOHC            |
| Stroke (mm)                          | 189             |
| Maximum Horsepower (Ps)              | 139             |
| Maximum Power (kW)                   | 6000            |
| Engine Speed at Maximum Power (rpm)  | 236             |
| Maximum Torque (N.m)                 | 4200-4700       |
| Engine Speed at Maximum Torque (rpm) | 139             |
| Maximum Net Power (kW)               | VVT-iE          |
| Fuel Type                            | Hybrid Electric |
